Notice regarding: Overnight presence**On: 7th January 2020**

Dear Neighbour,

Re: Overnight presence on site Tuesday 7th January

Please be advised that there will be one operative, additional to security, staying on site overnight tonight (Tues 7th January). The role of the extra operative is to monitor the pressure-testing procedure of the piles and take action – for example, turning the machine off – should he need to throughout the procedure.

This will not create any noise or disturbance, but you may notice the operative's van on site so please do not be alarmed.

If you have any questions regarding the information in this notice, please reply to this email and your query will be delegated to the relevant Expanded team-member.

Kind regards,

Expanded
