

WHITELEYS REDEVELOPMENT

INFORMATION NOTICE 34

20th January 2020

Dear Neighbour,

Re: Overnight presence on site Monday 20th January

Please be advised that there will be one operative, additional to security, staying on site overnight tonight (Mon 20th January). The role of the extra operative is to monitor the pressure-testing procedure of the piles and take action – for example, turning the machine off – should he need to throughout the procedure.

This will not create any noise or disturbance, but you may notice the operative's van on site so please do not be alarmed.

If you have any concerns throughout the night, please ring our 24-hour site security team on 07384 906917.

Kind regards,
The Expanded team
